Aims and Scope: Optics Communications ensures the rapid publication of contributions in the field of optics and interaction of light with matter.

Abstracted/indexed in: Chemical Abstracts: Current Contents: Engineering, Computing and Technology; Current Contents: Physical, Chemical & Earth Sciences; EI Compendex Plus; Engineering Index; INSPEC.

Publication information: Optics Communications (ISSN 0030-4018). For 2003, volumes 215–228 are scheduled for publication. Subscription prices are available upon request from the Publisher or from the Regional Sales Office nearest you or from this journal's website (http://www.elsevier.com/locate/optcom). Further information is available on this journal and other Elsevier Science products through Elsevier's website: (http://www.elsevier.com). Subscriptions are accepted on a prepaid basis only and are entered on a calendar year basis. Issues are sent by standard mail (surface within Europe, air delivery outside Europe). Priority rates are available upon request. Claims for missing issues should be made within six months of the date of dispatch.

Orders, claims, and product enquiries: please contact the Customer Support Department at the Regional Sales Office nearest you:
New York: Elsevier Science, PO Box 945, New York, NY 10159-0945, USA; phone: (+1) (212) 633 3730 [toll free number for North American customers: 1-888-4ES-INFO (437-4636)]; fax: (+1) (212) 633 3680; e-mail: usinfo-f@elsevier.com. **Amsterdam:** Elsevier Science, PO Box 211, 1000 AE Amsterdam, The Netherlands; phone: (+31) 20 4853757; fax: (+31) 20 4853432; e-mail: nlinfo-f@elsevier.com. **Tokyo:** Elsevier Science, 9-15 Higashi-Azabu 1-chome, Minato-ku, Tokyo 106-0044, Japan; phone: (+81) (3) 5561 5033; fax: (+81) (3) 5561 5047; e-mail: info@elsevier.co.jp. **Singapore:** Elsevier Science, 3 Killiney Road, #08-01 Winsland House I, Singapore 239519; phone: (+65) 6349 0200; fax: (+65) 6733 1510; e-mail: asiainfo@elsevier.com.sg. **Rio de Janeiro:** Elsevier Science, Rua Sete de Setembro 111/16 Andar, 20050-002 Centro, Rio de Janeiro - RJ. Brazil; phone: (+55) (21) 509 5340; fax: (+55) (21) 507 1991; e-mail: elsevier@campus.com.br [Note (Latin America): for orders, claims and help desk information, please contact the Regional Sales Office in New York as listed above].

Advertising information: Advertising orders and enquiries can be sent to: **USA, Canada and South America:** Mr Tino Decarlo, The Advertising Department, Elsevier Science Inc., 360 Park Avenue South, New York, NY 10010-1710, USA; phone: (+1) (212) 633 3815; fax: (+1) (212) 633 3820; e-mail: t.decarlo@elsevier.com. **Japan:** The Advertising Department, Elsevier Science K.K., 9-15 Higashi-Azabu 1-chome, Minato-ku, Tokyo 106-0044, Japan; phone: (+81) (3) 5561 5033; fax: (+81) (3) 5561 5047. **Europe and ROW:** Commercial Sales Department, Elsevier Science Ltd., The Boulevard, Langford Lane, Kidlington, Oxford OX5 1GB, UK; phone (+44) 1865 843016; fax: (+44) 1865 843976; e-mail: media@elsevier.com.

Authors in Japan please note: Upon request, Elsevier Science Japan will provide authors with a list of people who can check and improve the English of their paper (*before submission*). Please contact our Tokyo office: Elsevier Science K.K., 1-9-15 Higashi-Azabu, Minato-ku, Tokyo 106-0044. Tel.: (03) 5561-5032; fax: (03) 5561-5045.

US mailing notice – Optics Communications (ISSN 0030-4018) is published semi-monthly by Elsevier Science B.V. (P.O. Box 211, 1000 AE Amsterdam, The Netherlands). Annual subscription price in the USA is $ 5640, (valid in North, Central and South America), including air speed delivery. Periodical postage rate paid at Jamaica, NY 11431.
USA Postmaster: Send address changes to Optics Communications, Publications Expediting, Inc., 200 Meacham Avenue, Elmont, NY 11003.
Airfreight and mailing in the USA by Publications Expediting Inc., 200 Meacham Avenue, Elmont, NY 11003.

♾ The paper used in this publication meets the requirements of ANSI/NISO Z39.48-1992 (Permanence of Paper). Printed in the Netherlands

North-Holland, an imprint of Elsevier Science

ELSEVIER

AMSTERDAM – LONDON – NEW YORK – OXFORD – PARIS – SHANNON – TOKYO

© 2003 Elsevier Science B.V. All rights reserved.

This journal and the individual contributions contained in it are protected under copyright by Elsevier Science B.V., and the following terms and conditions apply to their use:

Photocopying

Single photocopies of single articles may be made for personal use as allowed by national copyright laws. Permission of the publisher and payment of a fee is required for all other photocopying, including multiple or systematic copying, copying for advertising or promotional purposes, resale, and all forms of document delivery. Special rates are available for educational institutions that wish to make photocopies for non-profit educational classroom use.

Permissions may be sought directly from Elsevier Science Global Rights Department, PO Box 800, Oxford OX5 1DX, UK; phone: (+44) 1865 843830, fax: (+44) 1865 853333, e-mail: permissions@elsevier.co.uk. You may also contact Global Rights directly through Elsevier's home page (http://www.elsevier.com), by selecting 'Obtaining Permissions'.

In the USA, users may clear permissions and make payments through the Copyright Clearance Center, Inc., 222 Rosewood Drive, Danvers, MA 01923, USA; phone: (978)7508400, fax: (978)7504744, and in the UK through the Copyright Licensing Agency Rapid Clearance Service (CLARCS), 90 Tottenham Court Road, London W1P 0LP, UK; phone: (+44) 20 7631 5555; fax: (+44) 20 7631 5500. Other countries may have a local reprographic rights agency for payments.

Derivative works

Subscribers may reproduce tables of contents or prepare lists of articles including abstracts for internal circulation within their institutions. Permission of the publisher is required for resale or distribution outside the institution.

Permission of the publisher is required for all other derivative works, including compilations and translations.

Electronic Storage or Usage

Permission of the publisher is required to store or use electronically any material contained in this journal, including any article or part of an article.

Except as outlined above, no part of this publication may be reproduced, stored in a retrieval system or transmitted in any form or by any means, electronic, mechanical, photocopying, recording or otherwise, without prior written permission of the publisher.

Address permissions request to: Elsevier Science Global Rights Department, at the mail, fax and e-mail addresses noted above.

Notice

No responsibility is assumed by the Publisher for any injury and/or damage to persons or property as a matter of products liability, negligence or otherwise, or from any use or operation of any methods, products, instructions or ideas contained in the material herein. Because of rapid advances in the medical sciences, in particular, independent verification of diagnoses and drug dosages should be made.

Although all advertising material is expected to conform to ethical (medical) standards, inclusion in this publication does not constitute a guarantee or endorsement of the quality or value of such product or of the claims made of it by its manufacturer.

⊗ The paper used in this publication meets the requirements of ANSI/NISO Z39.48-1992 (Permanence of Paper).

Instructions to Authors (short version)

(A more detailed version of these instructions is published in the preliminary pages of each volume.)

Online submission

Authors are encouraged to submit their papers through the Author Gateway online submission tool for Optics Communications. Full instructions on how to use the electronic submission tool and on how to prepare compuscript are available at http://www.elsevier.com/locate/optcom

Submission of papers

Manuscripts (one original and three copies) should be sent to one of the Editors, whose addresses are given on the inside of the journal cover.

Original material. Submission of a manuscript implies that the paper is not under consideration by any other journal at the time of submission, and that the essential scientific results will not be submitted to any other journal while the paper is under consideration for publication in *Optics Communications*.

Refereeing. Submitted papers will be refereed and, if necessary, authors may be invited to revise their manuscript. Authors are encouraged to list the names (plus addresses, tel/fax numbers, and e-mail addresses) of up to four individuals outside their institution who are qualified to provide a technical report on the work. This list is especially welcome when the manuscript deals with specialized subjects.

Types of contributions

Optics Communications considers only original and timely contributions containing new results in various fields of modern optics. Manuscripts may discuss fundamental or applied issues, and should offer clear evidence of novelty and significance. Articles are not required to fit within a prescribed length, but it is understood that the length of a contribution should be commensurate with the information contained in the manuscript. The Journal will no longer distinguish between **short** and **full-length** manuscripts as it did in the past.

Manuscript preparation

All manuscripts should be written in good scientific English. The original copy should be printed on one side of the paper only; the additional copies may be printed on both sides, and pages should be numbered.

Structure. Please adhere to the following order of presentation: Article title, Author(s), Affiliation(s), Abstract, Classification codes (PACS) and keywords, Main text, Acknowledgements, Appendices, References, Figure captions, Tables.

Corresponding author. The name, complete postal address, telephone and fax numbers, and e-mail address of the corresponding author should be given on the first page of the manuscript.

PACS codes and/or keywords. Please supply classification codes (PACS) and/or keywords of your own choice for indexing purposes.

References. References to other work should be consecutively numbered in the text using square brackets and listed by number in the Reference list. Please refer to a recent issue of the journal or to the more detailed instructions for examples.

Figures

Figures should be original laser prints, or very sharp, high contrast prints on glossy paper, suitable for immediate reproduction. Half-tone figures should be in black-and-white, very sharp, well-contrasting and on glossy paper. Each figure should be identified on the back by its number and the name of the first author. Figures with multiple panels should be labeled individually, with (a), (b), etc., but a single caption should describe the entire set.

Color reproduction. When essential to the understanding of a paper, figures may be reproduced in color. Further information is available from the full length instructions.

Electronic files

The Publisher requires the receipt of an electronic version of the accepted manuscript. If the authors have not already provided the Editor with the final revised version of the article (on disk), they are urged to send a file with the text of the accepted manuscript directly to the Publisher.

Copyright transfer

Upon acceptance of an article, the author(s) will be asked to transfer copyright of the article to the Publisher. This transfer will ensure the widest possible dissemination of information.

Proofs

One set of page proofs in PDF format will be sent to the corresponding author, to be checked for typesetting/editing. Authors should respond within 24 hours after receipt of their proofs.

Author benefits

No page charges. Publishing in *Optics Communications* is free.

Free offprints. The corresponding author will receive 25 offprints free of charge. An offprint order form will be supplied by the publisher for ordering any additional paid offprints.

CONTENTS-Alert. Optics Communications is included in this free Elsevier pre-publication contents alerting service (for information, please contact *C-ALERT.OPTICS@ELSEVIER.NL*).

Discount. Contributors to Elsevier Science journals are entitled to a 30% discount on all Elsevier Science books.

Author enquiries

For enquiries relating to the submission of articles (including electronic submission), the status of accepted articles through our Online Article Status Information System (OASIS), author Frequently Asked Questions and any other enquiries relating to Elsevier Science, please consult http://www.elsevier.com/locate/authors/

For specific enquiries on the preparation of electronic artwork, consult http://www.elsevier.com/locate/authorartwork/

Contact details for questions arising after acceptance of an article, especially those relating to proofs, are provided after registration of an article for publication.
